JOSÉ JUAN CRUZ SAAVEDRA

MAYOR OF TÍAS

Puerto del Carmen, a hub for cyclists and enthusiasts

The long-distance, non-competitive cycling adventure in Lanzarote presents a great opportunity for the island as a well-established sports destination.

Puerto del Carmen plays a crucial role in this powerful initiative, as our tourist town will serve as the main gathering point for cyclists and enthusiasts during the Vuelta Ciclista a Lanzarote. The first stage will pass through all the municipalities and finish at Plaza de las Naciones in Puerto del Carmen, where the podium will be set up. The second stage will start at Plaza de las Naciones and conclude in the stadium at Club La Santa, the event organizer.

We are deeply grateful for the choice of Puerto del Carmen as the venue to welcome and celebrate this great sporting achievement. We are well-prepared with efficient services, stable infrastructure, excellent beaches, safety, and the friendliness of our people. We hope everyone enjoys this great experience.

OLIVIA DUQUE PÉREZ
MAYOR OF TEGUISE

As the Mayor of the Tegui City Council, it is a true pleasure for me to welcome you to this tourism-sporting event, which means so much to our municipality. Welcoming new sporting events is always fantastic news. Not only it does provide greater exposure for the sport itself—in this case, cycling—but it also shines a spotlight on our beautiful island of Lanzarote, promoted through sports. It celebrates those who train and compete with all their heart and effort, as well as the dedicated people that support each athlete, helping them to achieve their best performance.

From Yaiza, we congratulate the sport of cycling and the athletes who are the stars of the Vuelta Ciclista a Lanzarote. We also commend the organization and the combined efforts that have made this first edition possible, and we hope it marks the beginning of a long journey.

ISIDRO PÉREZ MARTÍN

MAYOR OF SAN BARTOLOMÉ

Lanzarote is a paradise, and thanks to its landscape, climate conditions, infrastructure, and the great human quality we possess, we have become an ideal place to host events such as the 1st Vuelta Ciclista de Lanzarote.

The event will pass through all the municipalities on the island, and in San Bartolomé, we are delighted to be part of a regional, national, and international event. As it passes through La Geria, the route will cross our municipality, which serves as the gateway to one of the island's most special and iconic spaces, unique in the world.

Being part of the cyclists' journey makes us part of this unprecedented initiative promoted by Club La Santa, with the support of public administrations and the Canary Islands and Spanish Cycling Federations.

In the municipality of San Bartolomé, we aim to continue working and reinforcing our commitment to sports, and this cycling tour is a great opportunity to grow in a sustainable, inclusive manner, in harmony with the landscape, environment, and the idiosyncrasies of this territory.

On behalf of the City Council and the Government, I would like to welcome the athletes arriving at the Vuelta Ciclista de Lanzarote on September 28th and wish them both a pleasant stay on the island and in our municipality. Best of luck to all participants in this first edition of the event.
